

**2<sup>nd</sup> Call for proposals**  
**Lead Partner Seminar**  
**Modification and Submission of revised**  
**Application Form via eMS**

**Bologna, 1 October 2019**

# INSTRUCTIONS

**INSERT YOUR CREDENTIAL (LEAD APPLICANT)**  
**CLICK ON YOUR PROJECT**

The screenshot displays the eMS Dashboard interface. The top navigation bar includes the 'Interreg EMS\* demo' logo and a sidebar menu with options like 'Dashboard', 'Mailbox', 'Generated Files', 'User Account', 'Applications', 'Programme Tables', 'E.M.S. Management', 'Reporting', and 'Logout'. The main content area is titled 'Dashboard' and shows a 'Welcome Gustav Gustav' message. A blue arrow points to the 'Project\_id' column header in the 'My Projects' table.

Project_id	Name	Acronym	Start	End	Lead Partner	LP Nationality	Call	Timeslot	Specific Objective	Submission Date	Projectstate
ADRION3	Test Project 1	Test Project 1	01.02.2017	30.11.2018	LP test 1	SLOVENIJA	TEST		Enhance the capacity in transnationally tackling environmental vulnerability, fragmentation, and the safeguarding of ecosystem services in the Adriatic-Ionian area	04.02.2016	Cr_in_process

Below the 'My Projects' table is a 'My Mailbox' section with a table of messages:

Inbox	Subject	Date
admin	subject	11.09.2017 12:14:23
admin	subject	11.09.2017 11:49:45

To the right of the mailbox is a 'Show Own View' section with a calendar for September 2017. The calendar shows days from Monday to Sunday, with the 11th highlighted in green.

# SUBMISSION OF A MODIFICATION REQUEST

The screenshot displays the SEAVIEWS application form interface. The top navigation bar includes the Interreg EMS demo logo, the text "SEAVIEWS ADRION951 Application form version 1", a "Show More" button, and the status "Application Form - Read Only Mode" with a welcome message "Welcome Nikolaos Ventikos!". A left sidebar contains a "General" section with links: "Save As Pdf File", "Generated Files", "Attachments", "Modification Request Overview", "User Management", "Unbookmark Project", "Toggle Tree", and "Contacts". The main content area features a breadcrumb trail: "Project Summary" (highlighted) > "Partner" > "Project Description" > "Workplan" > "Project Budget" > "Project Budget Overview". Below this is a link for "Attachments" > "Attachments J T S". A yellow warning box states: "The project contains an ongoing modification request and on approval of this request the approved application form can therefore change! You can access the not yet approved application form here" with a document icon. Below the warning is the section "A. Project Summary" with a sub-section "Project Identification" containing fields for "Programme Priority" and "Sustainable Region".

**1° STEP: Modification request**

# COMPARE APPLICATION FORM

## Adriatic-Ionian Programme INTERREG V-B Transnational 2014-2020

### Application Form

#### PART A - Project summary

##### Project identification

Programme priority	1) Innovative and smart region
Programme priority specific objective	Support the development of a regional innovation system for the Adriatic-Ionian area
Project acronym	ADRIMOBAdriAdri
Project title	Sustainable coast MOBility in the Adriatic areaAdriAdri
Project number	4
Name of the lead partner organisation in original language	Regione Emilia Romagna
Name of the lead partner organisation in English	Emilia Romagna Region
Project duration	24 months 1 day
Start date	01.10.2016
End date	01.10.2018

##### A.1 Project summary

Please give a short overview of the project and describe the common challenge of the programme area you are jointly tackling in your project; the overall objective of the project and the expected change your project will make to the current situation; the main outputs you will produce and who will benefit from them; the approach you plan to take and why is transnational approach needed; what is new/original about it?

ADRIMOB involves the main ports of Adriatic cross-border area: Venice, Ravenna, Rimini, Cesenatico, Pesaro-Urbino, Pescara, Brindisi, Bari, Rovinj, Rab, Spaliti, Durres, Bar, Igoumenitsa and the main pPlease give a short s o f Slovenian area. The involved partners gathered their efforts with the purpose of defining a project generating concrete solutions to real problems: improvement and upgrade the accessibility in the Adriatic area, infrastructures and transport inter-operability networks. Adriatic sea has been considered for long time as an obstacle to EU integration; in reality it represents a big opportunity for the development and the competitiveness of the Adriatic area. The project is defined taking into consideration overview of the project and describe the common challenge of the programme area you are jointly tackling in your project; the overall objective of the project and the specific problems identified starting from the general overview on EU politics in the field of sustainable mobility, the analysis of the mobility change your project will make to the current situation in; the Adriatic area, down to the specific state of art and problems raised by the partners in such field. Taking into account cooperation area, and the real constant increase of business: main outputs you will produce and who will benefit from them; the approach you plan d to urism activities between the Adriatic sides, it is necessary to make an effort toward the sustainable mobility, thus to make a concrete breakthrough to define and structure an efficient and less polluting mobility system both for goods and passengers; take and why is transnational approach needed; what is new/original about it?
