

Green-H Innovation CLUSTER
Democenter-Sipe Foundation
Interreg ADRION

Who we are

DEMOCENTER-SIPE FOUNDATION

- **What:**
 - § Technology Transfer Centre
- **Where:**
 - § Modena, Emilia-Romagna, Italy
- **Who (shareholders):**
 - § City & Province of Modena, Modena Chamber of Commerce, University of Modena and Reggio Emilia, 6 Local Municipalities, Industrial Associations, Bank Foundations, 57 Enterprises
- **Activities:**
 - § Supporting the enterprises in technological & business innovation
 - § Supporting the public institutions in institutional innovation
- **Membership:**
 - § High Technology Network of the Emilia-Romagna Region

The Project Idea

- **The Housing Innovation Dilemma:**

- We need more houses
- We need more green houses (energy-efficient & eco-friendly)
- We need less expensive houses

- **A Housing Innovation Alliance is Needed:**

- Local Authorities & Urban Planners
- Technologists & Scientific Experts
- Builders
- Citizens (as Residents/Owners)

- **The Project's Contribution:**

Setting up an Adriatic Quadruple Helix Cluster that develops and disseminates:

- § Green Housing Technical Solutions
- § Public Procurement of Green Housing Innovation Solutions
- § PPPPs for Green Housing Planning (administrative, financial, managerial & participatory issues)

A Possible Partnership

- **Partners:**
 - Institutional:
 - Municipalities
 - Operative:
 - Construction Industry Representatives
 - Local Development Agencies
 - Scientific:
 - Universities & Research Centres (Engineering, Building Technologies, Urban Planning)
- **Countries:**
 - 4 Member States
