climate hazards — an  
index-based interactive  
EEA report

**ADRION ANNUAL EVENT & CAPITALISATION EVENT**

**PRIORITY AXIS 2: SUSTAINABLE REGION**  
**SPECIFIC OBJECTIVE 2.2**

**ADRISEISMIC**

**New approaches for seismic improvement and renovation of Adriatic and Ionian historic urban centres**

**MUHA**

**Multihazard framework for water related risks management**

**TRANSCPEARLYWARNING**

**Establishment of Transnational Civil Protection EARLY WARNING System to improve the resilience of Adrion territories to natural and man-made risks**

**ADRION ANNUAL EVENT & CAPITALISATION EVENT**

**ADRION ANNUAL EVENT & CAPITALISATION EVENT**

- Lack of shared databases
- Limited open-source software
- Heterogeneity between countries
- Limited disaster post-event analysis

**S**

**W**

**T**

- Transboundary cooperation
- Harmonization of procedures
- Sharing tools and databases
- Learning good practices

**ADRION ANNUAL EVENT & CAPITALISATION EVENT**

---

**Cooperation and coordination** among research, civil and environmental agencies, small and large enterprises, politicians, decision makers, and society

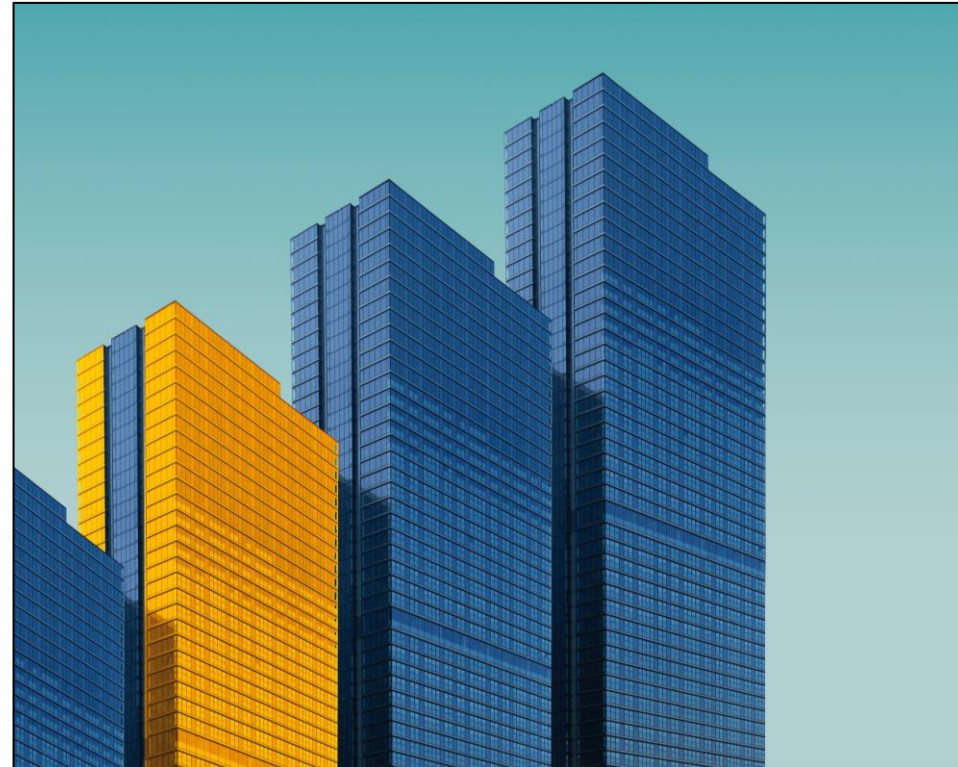

**Development of products, services and technology transfer** | data collection, management and sharing: to build a structured catalogue of impacts; to tackle seismic vulnerability at the urban scale | open artefact and machine learning for civil protection

**Harmonization and enforcement of standards** | policy on data management and sharing | water management and governance
